

• 8th March 2018 • TERM 1 • WEEK 4 •

Tena Koe Pekerau Whanau,

This week saw the introduction of passion projects across the Year 3-6 classes. The students have opted into classes to pursue their passion in kapa haka, visual arts, dance and sport, including a group of children that are learning to play squash. Our junior children in Year 1 and 2 participate in an arts rotation, with an opportunity to explore the arts curriculum.

As a PB4L (positive behaviour for learning) we try to predict 'hot spots' or areas in the school where behaviour problems are likely to occur. We believe prevention is always better than cure so when we noticed there were a few lunchtime issues starting to creep in, our teachers took a proactive approach and have ensured that in addition to the normal duty teacher rotation there is a range of interactive activities to do with the teachers such as slime making with Miss McOnie, lunchtime lego with Miss Robinson and tae kwon do with Matua Steve.

Rooms 6 & 9's working on their Koru Art.

Understanding how the Koru represents new beginnings.

WATER BOTTLE FUN-RAISING WITH TUPPERWARE!

Stay hydrated with the new Gen II Eco Bottle. With its slim design and a new look, you'll be taking this versatile bottle everywhere you go. Its ergonomic design allows you to easily grip the bottle and hold it securely while pouring. The flip cap is easy to open, especially when on the go whilst the pouring spout is easy to drink or pour from, reducing spills and drips. More info on our facebook page.
